The Carolina

Artists rendering shown with optional window and saddle roof porch.

The Carolina is built with an open concept, awesome master en-suite with double shower, luxury tub, and double sinks. A large utility with a back door entrance is located conveniently off the kitchen with laundry connections and storage. The Carolina is built for your lifestyle and flows the way you live at home. It's one of the most impressive modular homes ever built by Select Homes, Inc.

True Modular™ Means Better Built
